CAUTION
Always stand clear of platform area.

WARNING

Read this information carefully

- Improper operation of this liftgate can result in serious personal injury. If you do not have a copy of the operating instructions, please obtain them from your employer, distributor, or dealer before you attempt to operate the liftgate.
- If there are signs of improper maintenance, damage to vital parts, or slippery platform surface, do not use the liftgate until these problems have been corrected.
- If you are using a pallet jack, be sure it can be maneuvered safely.
- Do not operate a forklift on the platform.
- Do not allow any part of your or your helper's body to be placed under, within, or around any portion of the moving liftgate, its mechanisms, or in a position that would trap them between the platform and the ground or truck when the liftgate is retracted.
- If a helper is riding the platform with you, make sure you are both doing so safely and that you are not in danger of coming in contact with any moving or potentially moving obstacles.
- USE GOOD COMMON SENSE.
- If load appears to be unsafe, do not lift or lower it.

SAFETY INSTRUCTIONS

Read all decals and operation manual before operating liftgate.

- Do not use liftgate unless you have been properly instructed and have read, and are familiar with, the operating instructions.
- Be certain vehicle is properly and securely braked before using the liftgate.
- Always inspect this liftgate for maintenance or damage before using it. Do not use liftgate if it shows any sign of damage or improper maintenance.
- Do not overload.
- Make certain the area in which the platform will open and close is clear before opening or closing the platform.
- Make certain platform area, including the area in which loads may fall from platform, is clear before and as all times during operation of liftgate.
- This liftgate is intended for loading and unloading of cargo only. Do not use this liftgate for anything but its intended use.

WARNING
Liftgate hazards can result in crushing or falling. Keep hands and feet clear of pinch points. If riding liftgate, make sure load is stable and footing is solid.

Read and understand all instructions and WARNINGS before use.

When unloading & stowing platform, stay clear of bumpers.

To avoid injury stay out of the path when two platforms are in use. Do not platform over the side.

To avoid possible injury and damage to equipment, never stand on lift arms, parallel arms, or bottom side of platform.

Keep hands & feet clear of lifting arms.

To prevent personal injury & equipment damage, avoid working under the platform while platform is raised off the ground. Refer to Maintenance Manual for additional safety instructions.

Keep hands clear of pinch points when folding flipover.

To prevent personal injury & damaged equipment, ramp must be in extension position when cart is being raised or lowered on platform.
